Name of the Program: “INTERPERSONAL DEVELOPMENT”

Date of the Program: 13-12-2021

Name of the Resource Person: Mr. M. Murali Krishna

“INTERPERSONAL DEVELOPMENT” is a skill development program conducted at V.V. Institute of Pharmaceutical Sciences by Mr. M. Murali Krishna, Head Master, A. A. N.M&V.V.R.S.R. High School, Gudlavalleru to encourage students about personality development in the field of pharmacy. The need for the interpersonal development is a proper set of communication in terms of effective information exchange has a priority role for the management ‘successful and successful functioning of the organization.

Interpersonal development refers to the process of improving one's ability to interact, communicate, and build positive relationships with others. It involves developing a range of skills and qualities that facilitate effective interactions and connections with people in various personal and professional contexts. Interpersonal development is a lifelong journey that can lead to more meaningful relationships, enhanced personal well-being, and improved career success. Effective communication is at the heart of interpersonal development. This includes not only speaking and listening but also nonverbal communication, such as body language and facial expressions. Developing active listening skills, clarity in speech, and the ability to express oneself clearly are essential components.

Conflict is a natural part of human interaction. Interpersonal development involves learning how to manage and resolve conflicts constructively, finding mutually beneficial solutions, and maintaining positive relationships despite disagreements.

So, overall program was successful, students found it very useful of their communication skill development and handling of the patients, other questionaries was raised from them and doubts were clarified to all the questionaries with sort of examples.
