

V. V. Institute of Pharmaceutical Sciences

Seshadri Rao Knowledge Village, Gudlavalleru-521356.

Name of the Program: “WORK SCHEDULING AND PROJECT PLANNING”

Date of the Program: 15-03-2021

Name of the Resource Person: Ms. T. Prasanthi

V.V. Institute of Pharmaceutical Sciences conducted a skill development program on “WORK SCHEDULING AND PROJECT PLANNING” by Ms. T. Prasanthi, Associate Professor, V. V. Institute of Pharmaceutical Sciences, Gudlavalleru, which emphasized a positive impact on project management within the organization. Madam suggested team work and the use of project management software fostered better communication and collaboration among team members helped for timely completion of allotted work. Training in pharma industry helps in project planning, scheduling and proper utilization of the available facilities and other resources.

Our Principal sir Dr. A. Lakshmana Rao Garu delivered speech regarding the importance of today's program and congratulated all the students and advised the students to follow the suggestions given by the resource person.

Overall, the session was completed successfully and the students felt very happy and we got very good response from students regarding the event.
