Report

V. V. Institute of Pharmaceutical Sciences Conducted coaching classes for GPAT/ NIPER/ PGECET for III & IV year B. Pharmacy students. The course is designed mainly for the students who appeared for competitive exams and to train the students regarding syllabus, examination pattern, marks scoring and preparation techniques.

Outcomes of coaching:

- Coaching improved knowledge and understanding of the exam syllabus and subject matter. They may acquire new skills, concepts, and knowledge that are relevant to the GPAT/NIPER exam.
- Competitive exam coaching gives guidance on exam strategies, time management, and problem-solving techniques. Students can learn how to approach different types of questions and maximize their scores.
- Students can build up their confidence in their abilities to tackle challenging exam questions.
- Coaching helps in achieving higher scores
- Coaching can teach students how to manage their time effectively during the exam, ensuring that they can complete all sections or questions within the allotted time.
- Especially helpful for addressing individual weaknesses and tailoring the preparation plan accordingly.
- Coaching helped them to stay updated on the latest exam trends and strategies.
- Coaching often bring together students who are preparing for the same exam.
- Scoring well in competitive exams can open up various career opportunities, such as admission to prestigious educational institutions, government jobs, scholarships and more.

Students expressed their happiness and conveyed the need to conduct such programs. Dr A. Lakshmana Rao acknowledged the resource persons for sharing their valuable information to students.

Academic Year 2022-23

Report

Name of the Program: "Career Opportunities in Pharmacovigilance"

Date of the Program: 12-07-2022

The V. V. Institute of Pharmaceutical Sciences has successfully conducted the Career guidance program on "Career Opportunities in Pharmacovigilance" for the future prospects in the field of pharmacy. The topics discussed in the program are eligibility, role of drug safety associates and career opportunities in Pharmacovigilance.

Our welcome note was delivered by Dr. A. Lakshmana Rao (principal) who expressed his gratitude to the departmental heads and addressed the students about the importance of the program going to be conducted in the meeting.

By this program students felt very happy and it is a very interactive session. It is very useful to the students of B. Pharmacy and M Pharmacy to know about Pharmacovigilance, the science and activities related to the detection, assessment, understanding, and prevention of adverse effects or any other drug-related problems, plays a crucial role in ensuring the safety and efficacy of pharmaceutical products. This report explores the diverse career opportunities within the field of Pharmacovigilance, highlighting its significance in the pharmaceutical industry and healthcare sector.

Overall session on career guidance went smoothly and we have a very good response from the students.
