### Report

V. V. Institute of Pharmaceutical Sciences Conducted coaching classes for GPAT/ NIPER/ PGECET for III & IV year B. Pharmacy students. The course is designed mainly to train the students who appeared for competitive exams and to give guidance to the students regarding syllabus, examination pattern, negative marking and preparation techniques.

#### Outcomes of Coaching:

- GPAT coaching provides a structured and organized approach to studying, covering all the topics and subjects in the GPAT syllabus.
- Provide comprehensive syllabus coverage for GPAT and NIPER exams.
- GPAT coaching classes provide guidance and expertise, can help students to navigate complex topics, clear doubts and understand difficult concepts.
- Practice exams helping students improve their time management skills, identify weak areas, and gauge their progress.
- Coaching classes often have allowing for more personalized attention. Students can ask questions, clear doubts and interact with teachers on a one-on-one basis, ensuring that their individual learning needs are addressed.
- GPAT coaching teaches students efficient time management strategies.
- Coaching provide a platform for collaborative learning. Discussing topics, solving problems together, and sharing study strategies can enhance the overall learning experience.
- With proper guidance and consistent practice, students gain confidence in their abilities. Confidence is key to performing well in any competitive exam.

The students expressed happiness and highlighted the need to coordinate such kinds of initiatives. Dr. A. Lakshmana Rao expressed his appreciation towards the HOD's and faculty members who provided valuable resources and imparted beneficial information to the students.

## Report

V. V. Institute of Pharmaceutical Sciences has successfully conducted the career guidance work shop entitled "Clinical Research and Data Science" by Mr. Ahamed Kabeer, Director, International Drug Discovery and Clinical Research (IDDCR), Hyderabad. The content covered was about Clinical research, its importance, job opportunities and future prospects.

Our welcome note was delivered by Dr. A. Lakshmana Rao (principal) who expressed his gratitude to the faculty members and addressed the students about the importance of the program going to be conducted in the meeting.

In this program students need to know about Clinical Research and data science, job opportunities for pharmacy students and future prospects.

Career guidance programs often include topics about Clinical Research and data science responsible for reshaping healthcare by fostering innovation, improving patient care and driving evidence-based decision-making. As technology continues to advance, addressing challenges and ethical considerations will be paramount in harnessing the full potential of these fields. The future holds exciting possibilities for further advancements, ultimately leading to a healthier and more efficient healthcare ecosystem.

Clinical research and data science lead an important role in reshaping the landscape of healthcare. The convergence of these fields has led to groundbreaking discoveries, improved patient outcomes and enhanced decision-making processes. This report explores the significant role of clinical research and data science in revolutionizing healthcare and highlights key advancements and challenges in these domains.

Over all session on career counseling program completed successfully and students participating in a career guidance program felt happy, for sharing valuable information by the resource person, we have a good response from the students.
