Name of the program: SANKRATI CELEBRATIONS

Date of the program: 08-01-2021

Sankranthi, also known as Makar Sankranti, is a Hindu festival celebrated in various parts of India and Nepal to mark the transition of the sun into the zodiac sign of Capricorn. It usually falls on January 14th or 15th every year, depending on the Hindu lunar calendar. The festival holds great cultural and agricultural significance and is celebrated with enthusiasm and traditional customs in different regions of India.

The way Sankranthi is celebrated can vary significantly from one region to another, reflecting the diverse cultural traditions and customs across India. Despite these regional differences, the common theme of Sankranthi celebrations is to welcome the harvest season and express gratitude for the abundance of nature.

Various cultural programs were held like traditional fancy-dress competition, folk dances and singing, students from other colleges also actively participated in the events. After the completion of cultural events Principal sir addressed gathering about the importance of Pongal. Immediately after completion of speech the program was followed by Prize distribution for winners in various competitions held.

The program was successfully organized by the Principal sir, IPA, Staff and students of V.V.I.P.S. The students and staff actively participated in the conducted events.

Name of the program: NATIONAL YOUTH DAY

Date of the program: 12-01-2021

The Youth Day is celebrated in the college premises on 12th January 2021. The events are successfully organized by the Principal, Management and Staff of V.V. Institute of Pharmaceutical Sciences.

The celebration of Youth Day aims to highlight the potential of young people as agents of change and to encourage their active participation in addressing global challenges. It serves as a reminder of the need to invest in the development and well-being of the younger generation to ensure a brighter and more sustainable future.

Youth Day is an opportunity to engage in various activities and events that promote the well-being and empowerment of youth. These activities can include seminars, conferences, workshops, cultural events, and campaigns designed to inspire and mobilize young people to contribute positively to their communities and the world at large.

College premises were decorated with rangoli and balloons. The students wore colorful dresses and entire premises were colorful. All the students enjoyed for the events conducted.

The program was planned and organized under the guidance of Principal Dr. A. Lakshmana Rao, and it was greatly supported by IPA members, Staff and students of the Institution.

After the completion of the session, the program is followed by prize distribution for winners in various competitions

Name of the program: NATIONAL SCIENCE DAY

Date of the program: 27-02-2021

Science Day was organized under the guidance of Principal Dr. A. Lakshman Rao, and it was greatly supported by IPA members, Staff and students of the Institution on 27th February 2021.

National Science Day is celebrated to create awareness of the importance of science in our day to day lives while acknowledging the contributions made by our scientists in this field. But the origin of this day dates back ago to 28th February 1928, when Chandrasekhara Venkata Raman discovered a path-breaking phenomenon of the scattering photons which was later coined as "Raman Effect", after his name. He won the noble prize, in 1930, for this remarkable discovery, being the first Nobel Prize for India in the field of science.

The Event was proudly organized with the cooperation of the Principal, Management, Staff, IPA members and Students of V.V. Institute of Pharmaceutical Sciences.

Several events are organized for the students to create enthusiasm in them. Several other college students also took the lead in the events.

The programme is curtain raised by the speech of Principal sir on the importance of science day and at the end of the session prizes were distributed to the winners. Overall session was very informative and very innovative thoughts are shared. Students felt very encouraging to share the innovative thoughts.

Various cultural programs are held to encourage students. All students also participated actively in the cultural events conducted and overall, the program was a success.
