Name of the program: NATIONAL SPORTS DAY

Date of the program: 29-08-2018

NATIONAL SPORTS DAY aims to raise awareness about the importance of physical activity and healthy lifestyles. He also said that, the primary objective of National Sports Day is to promote the importance of sports and encourage people to be physically active.

On this occasion different faculty members are delivering some important facts about Major Dhyan Chand; he was a member of the Indian men's hockey team. He was born in Allahabad on August 29, 1905, in Allahabad, Uttar Pradesh. He became known as the "Wizard of Hockey" during the pre-independence era. He played a vital role in helping India win its first Olympic gold medal in 1928. He also played a leading role in the country's victories at the 1936 and 1932 Summer Olympics. After Major Chand retired from the Indian Army's Punjab Regiment in 1956, the government of India honored him by presenting him with the Padma Bhushan, the third-highest civilian award in the country. India's highest sporting honour, Major Dhyan Chand Khel Ratna Award is named after him.

The program was planned and organized under the guidance of Principal Dr. A. Lakshmana Rao, and it was greatly supported by Staff and students of the Institution.

Different games like shuttle, chess, caroms, throw ball, volley ball and disc throw are planned for the students and student from different colleges also participated in the events organized by the college.

Name of the program: TELUGU LANGUAGE DAY

Date of the program: 29-08-2018

The Management, Principal, Staff and Students of V. V. Institute of Pharmaceutical Sciences celebrated Telugu Language Day in college premises on August 29th 2018.

College premises were decorated with rangoli and balloons. The students wore colorful dresses and an entire premise was colorful. All the students enjoyed for the cultural events conducted.

Telugu Language Day (Telugu Bhasha Dinotsavam) is celebrated annually on August 29 in the Indian southern state of Andhra Pradesh.

Telugu is one of India's six classical languages, spoken in the states of Andhra Pradesh and Telangana. Telugu, a Dravidian language, is also the official language of the states of Telangana and Andhra Pradesh.

Telugu Language Day is celebrated on birthday of Gidugu Venkata Ramamoorthy, a prominent Telugu writer, one of the earliest linguists and social visionary during the British rule. He is known for advocating the use of a language, comprehensive to the common man, and opposed the use of scholar language.

Telugu is the fourth most spoken language in India and it is called "The Italian of the East" because Niccol de Conti, a 16th-century Italian traveler, found that the Telugu language finishes with vowels just like the Italian language. The International Alphabet Association chose the language's script to be the 2nd best in the world in 2012.

The program was planned and organized under the guidance of Principal Dr. A. Lakshmana Rao, and it was greatly supported by staff and students of the Institution.

Different events are planned for the students and student from different colleges also participated in the event organized by the college.

The session was more interesting and captivating. Finally, the program ended up with the Prize and memento distribution to the winners.

Name of the program: NATIONAL SCIENCE DAY

Date of the program: 28-02-2019

National Science Day is celebrated to raise the awareness of the importance of science in our day to day lives while acknowledging the contributions made by our scientists in this field. But the origin of this day dates back ago to 28th February 1928, when Chandrasekhara Venkata Raman discovered a path-breaking phenomenon of the scattering photons which was later coined as "Raman Effect", after his name. He won the noble prize, in 1930, for this remarkable discovery, being the first Nobel Prize for India in the field of Science.

To celebrate this phenomenal discovery, the National Council for Science and Technology Communication (NCSTC) urged the Government of India to designate 28 February as National Science Day. And on February 28, 1987, initially the first National Science Day was celebrated all over the country among all educational institutions.

Science Day was organized under the guidance of Principal Dr. A. Lakshman Rao, and it was greatly supported by Staff and students of the Institution.

Different events are planned for the students and student from different colleges also participated in the event organized by the college.

Principal Sir delivered a deliberate speech on the importance of science day and all the staff expressed their views and prizes were distributed to the winners. Overall session was very informative and very innovative thoughts are shared. Students felt very encouraging to share the innovative thoughts.

Various cultural programs are conducted to encourage students. All students also participated actively in the cultural events conducted and Overall session was captivating.
