ANNUAL e-GOVERNANCE REPORT FOR THE ACADEMIC YEAR 2022-2023

The principal of V.V. Institute of pharmaceutical sciences is pleasure to present the following Annual e-Governance report for the academic year 2022-2023.

The Institution has introduced e-governance in the following areas of operation

1. Administration
2. Finance and accounts
3. Students and supports
4. Examination

The details of the above are as follows

1. Implementation of e-Governance in the administration of the college website

- (a) The college website serves as a platform for occasionally hosting announcements and information relevant to the staff and students. The website is updated frequently with information on conferences, workshops, and committees including student welfare and grievance. The college website provides academic calendars, exam schedules, semester and exam results, and other important information holidays.
- (b) Information is provided on a number of criteria, including teachers, student enrollment programs, exam outcomes, educational financing, and infrastructure. Institutional density, the gross enrollment ratio, the student-teacher ratio, and the gender parity index per student are all indicators of educational advancement.

2. Implementation of e-Governance in finance and accounts

The Information about payments and receipts is posted on my student board. The essential information is audited by the skilled auditors.

3. Implementation of e-Governance in student admission and Support

- (a) **Admission details:** The Students' admission-related data, including their admit year, branch, register number, and admission category, has been uploaded.
- (b) **Academic Details:** The student's academic records are posted to my student board for educational institutions, taking use of the automation already in place at our college. For communication with the parents of their wards, all information regarding their attendance and grades from internal and external exams is uploaded. The ERP has an SMS provision for educational institutions. My student board has been purchased and made available by the college for better and more effective e-Governance.

4. Implementation of e-Governance in Examination

The information related to internal examination like time tables posted on the college website. The university portal has the internal grades uploaded. The schedule for the external practical examination is available online, and the university portal receives both the internal and external marks. The university portal, which is available to students on the college website, contains the results.
