## CIRCULAR

All the students and Teaching and Non-Teaching staff members are informed that V.V. Institute of Pharmaceutical Sciences is conducting a Faculty Development Program [FDP] on "Revisiting Different Factors of Medicinal Chemistry" From 18-03-2019 to 23-03-2019 Hence all the students and staff members are invited to take part in this program.

Venue: Room No 204, V.V. Institute of Pharmaceutical Sciences.

### About FDP :

This six days program focused on understanding the mechanisms of drug resistance in various infectious diseases. Case studies highlighting the challenges faced in current treatment modalities. Discussions on cutting-edge technologies such as AI, machine learning, and CRISPR in drug discovery. Case studies on successful applications of these technologies. Importance of interdisciplinary collaboration in drug discovery. Panel discussion with experts from various fields. Techniques for identifying and validating drug targets. Success stories and challenges in this phase of drug development.

## About the College

V. V. Institute of Pharmaceutical Sciences was established in the year 2010 as esteemed promotions of A.A.N.M. & V.V.R.S.R. Educational Society.

The College aims to provide Quality Education, Training and Research facilities of high standard in Pharmaceutical Sciences and strives hard to achieve its objectives through sincere, dedicated efforts, discipline and hard work. The college is equipped with sophisticated equipment's in well-established laboratories and the state of the art library with 1680 Titles and 6282 Volumes, subscription of 10,172 E-journals, 2447 E-Books, Knimbus Networking and Magazines to meet the needs of the students. Our college research publications include more than 300 articles in reputed journals.

## Courses Offered:

B. Pharmacy : 100 Seats

M. Pharmacy:

Pharmaceutics: 15 Seats

Pharm. Analysis: 15 Seats

## PROGRAM REPORT

### **Name of the Program:**

A One Week Faculty development program on “**Revisiting different factors of medicinal chemistry**”.

**Date:** 18/03/2019 to 23/03//2019.

### **Objectives of the program:**

V.V. Institute of Pharmaceutical sciences had successively organized One Week Faculty development program “on “Revisiting different factors of medicinal chemistry”. Medicinal chemistry plays a fundamental and underlying role in chemical biology, pharmacology, and medicine to discover safe and efficacious drugs. Small molecule medicinal chemistry relies on iterative learning cycles composed of compound design, synthesis, testing, and data analysis to provide new chemical probes and lead compounds for novel and drug able targets.

### **Topics Covered**

- Importance of Medicinal Chemistry
- Significance of various categories of drugs

### **The outcome of the Program:**

Feedback was collected from the faculty members and they expressed that medicinal chemistry is often viewed as a limiting step being traditionally based on discontinuous and compartmentalized cycles of “design–synthesis–test–analysis” that make the process slow and expensive in terms of human and economic resources. Among compartments, organic synthesis is the most time- and resource-consuming stage and often determines the number of compounds that enters into clinical trials.

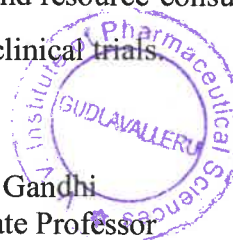

### **RESOURCE PERSON**

Name: Dr. B.Mohan Gandhi

Designation: Associate Professor

Department: Pharmaceutical analysis

Organization: Sri Vasavi Institute of Pharmaceutical Sciences Tadepalligudem, West Godavari district.

Seshadri Rao Knowledge Village, Gudlavalleru Post, A.P.

## CERTIFICATE OF PARTICIPATION

This is to certify that Dr./Mr/Mrs/Miss ✓ R. Naga Ravali Assistant  
professor of V.V. Institute of Pharmaceutical Sciences has participated in One  
week Faculty development program on "Revisiting Different Factors of Medicinal Chemistry" held during  
18-03-19 to 23-03-19 at V. V. Institute of Pharmaceutical Sciences, Gudlavalleru, Andhra Pradesh.

## CIRCULAR

All the students and Teaching and Non - Teaching staff members are informed that V.V. Institute of Pharmaceutical Sciences is conducting a Faculty Development Program [FDP] on **“Innovation in Pharmaceutical Research Methodology Techniques and Trends”** From 11-02-2019 to 16-02-2019. Hence all the students and staff members are invited to take part in this program.

Venue: Room No 212, V.V. Institute of Pharmaceutical Sciences.

### About FDP :

This six days Faculty Development Program discusses about overview of evolving trends in pharmaceutical research methodology. Importance of adopting innovative approaches in the current landscape. Integration of novel technologies in pharmaceutical research, Leveraging big data for insights in drug discovery and development, Applications of artificial intelligence and machine learning in pharmaceutical research, overview of adaptivetrial methodologies. Implementation challenges and benefits, Updates on regulatory requirements for innovativeresearch. Ensuring compliance while adopting new methodologies, Hands-On Workshop - Implementing Innovative Methodologies.

## About the College

V. V. Institute of Pharmaceutical Sciences was established in the year 2010 as esteemed promotions of A.A.N.M. & V.V.R.S.R. Educational Society.

The College aims to provide Quality Education, Training and Research facilities of high standard in Pharmaceutical Sciences and strives hard to achieve its objectives through sincere, dedicated efforts, discipline and hard work. The college is equipped with sophisticated equipment's in well-established laboratories and the state of the art library with 1680 Titles and 6282 Volumes, subscription of 10,172 E-journals, 2447 E-Books, Knimbus Networking and Magazines to meet the needs of the students. Our college research publications include more than 300 articles in reputed journals.

## PROGRAM REPORT

### **Name of the Program:**

A One Week Faculty development program on “**Innovation in Pharmaceutical research methodology: techniques and trends**”.

**Date:** 11/02/2019 to 16/02//2019.

### **Objectives of the program:**

V.V. Institute of Pharmaceutical sciences had successively One Week Faculty development program on “Innovation in Pharmaceutical research methodology: techniques and trends”. Research studies are designed to test the effect of a medication or treatment in a group of volunteers, measure a drug's ability to treat the medical condition, monitor the drug's safety, and possible side effects.

### **Topics Covered**

- Innovative therapies
- Personalized medicine to meet evolving healthcare needs.
- Artificial Intelligence

### **The outcome of the Program:**

The open feedback was collected from the faculty members. The group is conveyed that AI has the potential to revolutionize the drug discovery process, offering improved efficiency and accuracy, accelerated drug development, and the capacity for the development of more effective and personalized treatment.

## CIRCULAR

All the students and Teaching and Non-Teaching staff members are informed that V.V. Institute of Pharmaceutical Sciences is conducting a Faculty Development program [FDP] on “**Good Manufacturing Practices**” From 19-11-2018 to 24-11-2018. Hence all the students and staff members are invited to take part in this program.

Venue: Room No 109, V. V. Institute of Pharmaceutical Sciences.

### About FDP :

This six days program discuss about GMP defines quality measures for both production and quality control and defines general measures to ensure that processes necessary for production and testing are clearly defined, validated, reviewed, and documented, and that the personnel, premises and materials are suitable for the production of pharmaceuticals and biologicals including vaccines. GMP also has legal components, covering responsibilities for distribution, contract manufacturing and testing, and responses to product defects and complaints. Specific GMP requirements relevant to classes of products such as sterile pharmaceuticals or biological medicinal products are provided in a series of annexes to the general GMP requirements..

## About the College

V. V. Institute of Pharmaceutical Sciences was established in the year 2010 as esteemed promotions of A.A.N.M. & V.V.R.S.R. Educational Society.

The College aims to provide Quality Education, Training and Research facilities of high standard in Pharmaceutical Sciences and strives hard to achieve its objectives through sincere, dedicated efforts, discipline and hard work. The college is equipped with sophisticated equipment's in well-established laboratories and the state of the art library with 1680 Titles and 6282 Volumes, subscription of 10,172 E-journals, 2447 E-Books, Knimbus Networking and Magazines to meet the needs of the students. Our college research publications include more than 300 articles in reputed journals.

## **Courses Offered:**

**B. Pharmacy : 100 Seats**

**M. Pharmacy:**

Pharmaceutics: 15 Seats

Pharm. Analysis: 15 Seats

## PROGRAM REPORT

### **Name of the Program:**

A One Week Faculty development program on “**Good Manufacturing Practices (GMP)**”.

**Date:** 19/11/2018 to 23/11//2018.

### **Objectives of the program:**

V.V. Institute of Pharmaceutical sciences had successively organized One Week Faculty development program on “Good Manufacturing Practices (GMP)”. Good manufacturing practice (GMP) is a system for ensuring that products are consistently produced and controlled according to quality standards. It is designed to minimize the risks involved in any pharmaceutical production that cannot be eliminated through testing the final product.

### **Topics Covered**

- Ensuring the end product is free from contamination
- Ensuring the product is consistent in its manufacture
- Ensuring the manufacture has been well documented
- Ensuring personnel are well trained
- Ensuring the product has been checked for quality more than just at the end phase

### **The outcome of the Program:**

The feedback was collected from faculty members and they convey that GMP is an essential aspect of the food industry that helps ensure that food products are safe for human consumption. By implementing GMP standards, food manufacturers can improve the quality of their products, reduce the risk of contamination, and comply with industry regulations.

## CIRCULAR

All the students and Teaching and Non-Teaching staff members are informed that V.V. Institute of Pharmaceutical Sciences is conducting a Faculty Development program [FDP] on "Targeted Delivery of Green Synthesized Nano-Materials & Their Importance" From 10-9-2018 to 15-9-2018. Hence all the students and staff members are invited to take part in this program.

Venue: Room No 213, V. V. Institute of Pharmaceutical Sciences.

## About the College

V. V. Institute of Pharmaceutical Sciences was established in the year 2010 as esteemed promotions of A.A.N.M. & V.V.R.S.R. Educational Society.

The College aims to provide Quality Education, Training and Research facilities of high standard in Pharmaceutical Sciences and strives hard to achieve its objectives through sincere, dedicated efforts, discipline and hard work. The college is equipped with sophisticated equipment's in well-established laboratories and the state of the art library with 1680 Titles and 6282 Volumes, subscription of 10,172 E-journals, 2447 E-Books, Knimbus Networking and Magazines to meet the needs of the students. Our college research publications include more than 300 articles in reputed journals.

### Courses Offered:

B. Pharmacy : 100 Seats

M. Pharmacy:

Pharmaceutics: 15 Seats

Pharm. Analysis: 15 Seats

## PROGRAM REPORT

### **Name of the Program:**

A One Week Faculty development program on “**Targeted delivery of green synthesized nano materials**”.

**Date:** 10/09/2018 to 15/09//2018.

### **Objectives of the program:**

V.V. Institute of Pharmaceutical sciences had successively One Week Faculty development program on “Targeted delivery of green synthesized nano materials”. To educate the facilities about importance of nanomaterials in targeted drug delivery and to gain the knowledge on new trends on nanoimaterials

### **Topics Covered**

- Importance of nanomaterials in Product development
- About various techniques employed.

### **The outcome of the Program:**

Feedback was collected from the faculty members and the group is conveyed that the unique features that arise at the nanoscale, nanomaterials have piqued researcher's interest. These characteristics include a large surface area for chemical reactions, distinctive surface structures, and various ways to interact with light.

## Program Report

### Objectives of the Program

V.V. Institute of Pharmaceutical Sciences had successfully organized a five days non teaching development program on **Administrative training program on fire and safety** in association with A.A.N.M. & V.V.R.S.R. educational society. The main objective of the program to train the entire Non- teaching faculty which is essential for ensuring the safety and well-being of all employees in the workplace. By providing training, employees are made aware of fire hazards and risks, as well as taught how to prevent fires and respond effectively in case of an emergency.

### Topics covered

- Fire behavior and types of fire
- Dealing with fire incidents
- Firefighting equipment
- Fire extinguisher operation procedures
- Extinguishing techniques for small fires

### Outcome of the program

The outcome of the **Administrative training program on fire and safety** is to educate a set of practices & procedures to minimize the destruction caused by fire hazards. The skill & knowledge acquired through these trainings equip the learners, to combat fire in any unanticipated fire breakout.
